

Cyber Expo Zone – Innovation Showcase

1. Zone Idea

Concept: A structured exhibition zone where participants (teams) showcase their cyber security projects, tools, and innovations to visitors and judges.

Theme: *“Building the Future of Cyber Security”*

Goal:

- Provide a platform for participants to present their cyber projects
- Allow visitors to interact, learn, and explore innovations
- Encourage real-world problem solving in cyber security

What makes it unique?

- Live demos instead of static posters
- Interactive stalls
- Real-world use cases
- Structured evaluation (optional)

2. Workflow

2.1 Pre-Event Preparation

1. Select teams/projects
2. Assign stall numbers
3. Provide setup guidelines
4. Arrange tables, power supply, Wi-Fi
5. Create judging criteria sheet (optional)
6. Prepare visitor flow plan

2.2 During the Event – Participant Flow

Flow: Walk-in → Explore stalls → Interact → Watch demos → Ask questions

Step	Action	Duration
1	Visitor enters expo zone	1 min
2	Walks through stalls	–
3	Interacts with team	3–5 min
4	Watches demo	2–5 min
5	Moves to next stall	–

2.3 Stall Structure

Each team gets:

- 1 table
- 2 chairs
- Power supply
- Poster space

Each stall must include:

- Project title
- Problem statement
- Solution demo
- Live explanation

2.4 Example Project Categories

- Cyber Security Tools
- AI in Security
- Blockchain Security
- Digital Forensics
- Network Security
- OSINT Tools
- Privacy and Encryption

3. Things You Need

3.1 Infrastructure

- Tables (1 per team)
- Chairs
- Extension boards
- Wi-Fi access
- Stall labels

3.2 Materials

- Posters / flex boards
- Name tags
- Feedback forms / QR codes
- Certificates (optional)

4. Prizes

Description: Winners of the Cyber Expo will be awarded merchandise-based prizes instead of monetary rewards.

Prize Types:

- Stickers and badges
- Goodies and swag kits

5. Budget

Item	Estimated Cost ()
Printing	300–700
Certificates	300–800
Decorations	500–1000
Misc	200–300
Total	1300–2800

6. Volunteers Needed

Role	Quantity	Responsibility
Zone Lead	1	Overall management
Judging Coordinator	5	Handle evaluation

7. Participant Capacity

- Teams: 10–20 stalls
- Visitors at a time: 30–50 people

8. Duration and Flow

- Open throughout event
- Average time per visitor: 15–30 minutes
- Expected footfall: 200–500 participants

9. Additional Notes

9.1 Judging Criteria (Optional)

- Innovation
- Practical use
- Technical depth
- Presentation
- Impact

9.2 Contingency Plans

Problem	Solution
Power issues	Backup extension boards
Crowd overload	Entry control
Team absent	Merge stalls
Tech failure	Allow explanation-only demo

10. Summary

Category	Details
Zone Idea	Cyber project exhibition
Workflow	Walk-in → Explore → Interact
Needs	Tables, power, posters
Budget	1300–2800 (excluding swag)
Volunteers	1
Capacity	30–50 visitors
